1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system of equations (1) has a solution for arbitrary values of the parameters α and β if and only if the condition

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written on aged, yellowed paper and is organized into several lines. The script is dense and flowing, characteristic of early modern handwriting. There are some dark spots and stains on the paper, particularly near the center and right side. The text appears to be a continuous narrative or record, possibly related to a legal or administrative matter, given the formal nature of the script and the presence of some larger, more prominent words or phrases.

(Faint handwritten notes)

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written in a single column across approximately 12 lines. The script is dense and flowing, characteristic of early modern European handwriting. The paper is aged and shows signs of wear, including two prominent dark circular holes (possibly from binding) and some staining along the left edge.

Handwritten text in a cursive script, likely a historical document or manuscript. The text is written in a dark ink on aged, slightly discolored paper. The script is dense and fills most of the page. There are two prominent dark circular marks, possibly holes or ink blots, located near the center of the page. The text appears to be a continuous narrative or record, with some lines starting with capital letters or initials. The overall appearance is that of a well-preserved but aged historical document.
